Corporate Profile

MRC Global is the largest global industrial distributor of pipe, valves and fittings (PVF) and related products and services to the energy industry based on sales, and we hold the leading position in our industry across each of the upstream (exploration, production and extraction of underground oil and natural gas), midstream (gathering and transmission of oil and natural gas, natural gas utilities and the storage and distribution of oil and natural gas) and downstream (petrochemical processing, crude oil refining and general industrials) sectors. We offer more than 230,000 stock keeping units, including an extensive array of PVF, oilfield supply, automation, instrumentation and other general and specialty industry supply products. Through our North American and International segments we serve our more than 19,000+ active customers through over 350+ service locations throughout North America, Europe, Asia and Australia.
