

## MRC Global Publishes 2024 Sustainability Report

May 21 2024

HOUSTON, May 21, 2024 (GLOBE NEWSWIRE) -- MRC Global Inc. (NYSE: MRC), the leading global distributor of pipe, valves, fittings and infrastructure products and services to diversified energy, industrial and gas utilities end-markets, has published its 2024 Sustainability Report on [www.mrcglobal.com](http://www.mrcglobal.com). The 2024 Sustainability Report describes MRC Global's strategic efforts to:

- Advance the Energy Transition
- Minimize Greenhouse Gases ("GHG") and Reduce Pollution
- Reduce its Carbon Footprint
- Maintain a Safe Workplace
- Develop a Diverse Workforce and Inclusive Workplace
- Govern Climate Risks and Opportunities

"We continue to demonstrate our commitment to operating a sustainable, ethical, and efficient business to the benefit of our customers and other stakeholders. Our seventh annual Sustainability Report highlights the advances we have made to improve the impact of our business operations on the environment, the communities where we work and all elements of our supply chain," stated Rob Saltiel, President & CEO.

Highlights of the 2024 Sustainability Report include:

- Achieving a 28% reduction in Scope 1 and 2 emissions compared to 2022
- Supplying critical projects and services to several Energy Transition projects globally
- Conducting our first baseline water risk assessment
- Improving our total recordable incident rate by 11.5% over 2022 and remaining ahead of our peer group averages
- Advancing supplier diversity efforts in our first full year with a dedicated leader
- Disclosing our alignment with both Global Reporting Index (GRI) and Sustainable Accounting Standards Board (SASB)

The full report is available online at [www.mrcglobal.com](http://www.mrcglobal.com) under Sustainability.

### About MRC Global Inc.

Headquartered in Houston, Texas, MRC Global (NYSE: MRC) is the leading global distributor of pipe, valves, fittings (PVF) and other infrastructure products and services to diversified end-markets including the gas utilities, downstream, industrial and energy transition, and production and transmission sectors. With over 100 years of experience, MRC Global has provided customers with innovative supply chain solutions, technical product expertise and a robust digital platform from a worldwide network of 214 locations including valve and engineering centers. The company's unmatched quality assurance program offers over 300,000 SKUs from over 8,500 suppliers, simplifying the supply chain for approximately 10,000 customers.
